What are you waiting for!?

This property is truly ready to go for a new owner, with neutral paint colors, beautiful hardwood floors, a remodeled kitchen, and all appliances included. The Townhomes at Smithfield are extremely well built, as they are ICF construction. There is no safer place to be when bad weather arises. A generous master suite includes a huge master closet and additional closet in the bedroom itself. The two-car garage also has a very large, finished storage room. A powder room accessible to the living room is certainly a convenience. There is additional storage upstairs with a walk-in attic, and two additional closets. The upstairs bedroom is also large, with its own spacious closet. This is a terrific neighborhood in a very pretty community.
